

Primary Schools – Courses & Activities

We understand you know your pupils best and so we have done the foundational research to inform you for building your own programs, and to help your students get the most out of each day. Depending on the age of your pupils, you can book a variety of activities including booking local providers to lead team building and learning experiences on our site. Or you can opt for more adventurous off-site activities booked with external providers we have built relationships with over the years.

We partner with many different activity providers to ensure we can offer a wide range of the best activities. All providers are fully licensed, have risk assessments and are appropriately insured.

Activities:

We partner with selected external local activity providers, so you don't have to search for them, giving the best quality provision of incredible activities that Cornwall has to offer. These include:

Cornish Adventure

Surfs Up Surf School

OA Surf Club

Lone Wolf Archery UK

The Tide Climbing Centre

The National Lobster Hatchery

Polzeath Marine Conservation Group

Bridge Cycles

For more information or advice on specific activities, e-mail us directly or use the Schools Enquiries Form.

Example primary residential programme:

We want to facilitate the best outcomes and opportunities for you and your students, we realise that your school and class are unique so here is an example of an activity program schools have used before.
