

## Secondary Schools – Why choose us?

Are you looking for somewhere safe, exclusive, and welcoming where you can tailor your own program in a educational and FUN environment! Then look no further.

Staying at Menadue means you can have private use of this stunning site by requesting exclusivity for your group.

Whether you're coming to stay for an adventure filled activity week or are keen to use a residential stay to facilitate further subject specific educational learning, we are the venue for you.

Our partnership with local external providers enables us to be able to offer you the greatest activities that Cornwall has to offer. We have built relationships with these providers over several years, giving us priority timetabling and exceptional pricing. There are a number of activities that providers can bring on to the site so that travel does not need to be involved and children can continue to use a familiar environment. For more information on these please look at our Activities page.

For specific subject area field trips, we have a variety of natural resourced areas, and facilities to support these trips, such as the historical Tintagel Castle and The National Lobster Hatchery. All teaching will need to be conducted by yourselves or sourced from outside our facility, however we will support you by providing a inspiring and relaxed environment in which to conduct your teaching, or where your students can complete work following day trips out.

The space we have enables learning areas to remain separate from the comfy lounges to relax in. We can cater for your stay and provide hearty food that will fill you up and give the energy needed for growing minds. It's delicious too!

The combination of superb surf beaches, rugged coast, sheltered bays, estuaries, quarries, mines, castles and lakes make North Cornwall an ideal area for outdoor activities, as well as geography, biology, photography, media, history, environmental science, English literature, and much more.

Why not come and see what we have to offer? Teachers, you can book in a visit free of charge, with your family if you wish for a coastal walk after, to scout it out for your potential group.

If you would like to know more, please contact us on the Schools Enquiry Form, we will be happy to help you create an exceptional residential holiday.
